THE NORDIC COUNTRIES AND THEIR CO-PRODUCTION PROGRAMMES 2019
The Danish Film Institute (DFI) has established an international department with the remit of advising Danish producers on international funding possibilities, while being the point of contact for international producers seeking information on the Danish production landscape and financing possibilities.

Minority Co-Production Funding – Feature Films
The purpose of funding co-productions is to strengthen partnerships and creative exchange between Danish and international producers. The DFI highly values the opportunities afforded from co-productions – international financing, cultural and business exchange and distribution – and therefore encourages such partnerships.

Recently Successful Co-Productions
BIRDS OF PASSAGE by Ciro Guerra and Christina Gallego (Colombia)
BORDER by Ali Abbasi (Sweden)
LUIS AND THE ALIENS by Christoph & Wolfgang Lauenstein and co-directed by Sean McCormack (Germany)

Subsidy Application Requirements
DFI can fund around 5-9 minor co-productions per year. The annual budget is approximately DKK 12 million.

• The application must be submitted by a Danish production company
• There must be Danish creative or technical participation in the production
• There must be a distribution deal for theatrical distribution in Denmark or broadcast on national Danish TV
• The financing in the major co-producing country has to be secured

Applications will be evaluated based on the following criteria
• Creative strength
• Creative and financial collaboration between the Danish company and its co-producer, including previous projects and future plans
• The level of creative and technical collaboration, the participation of Danish talent and crew and the overall Danish spend
• The nature of the distribution deal signed by the producer

DFI is able to allocate no more than 60% of the Danish spend.

Applications are submitted to Noemi Ferrer, Head of DFI International, and assessed by a DFI panel consisting of Commissioning Editors, the Head of International and the Director for Film Funding.

You will get a response on your application within a month from submission deadline. dfi.dk

The DFI can fund 4–6 minor documentary or short fiction co-productions per year with a total annual budget of EUR 335 750 (2.5 million DKK).

Application Requirements
• The application must be submitted by a Danish production company
• There must be Danish creative or technical participation in the production

REGIONAL FILM FUNDS

The regional film funds make an important contribution to the success of Danish films and television.

The West Danish Film Fund (Est. 2002) secretariat is situated in the city of Aarhus, the second largest city in Denmark. The Fund represents 10 municipalities in Western Denmark and invests around EUR 4 million a year in film and media productions. The Fund supports and invests in co-productions that have Danish artistic or technical participation with a connection to the region. Support is given to artistically interesting productions which strengthen the film industry in the region. Financial support is provided in the form of subsidies and/or investment. You need a Danish co-producer in order to apply. filmpuljen.dk

The Copenhagen Film Fund was founded in 2013 by the initiative of the Producers Association as a partnership between eight Copenhagen municipalities, the Capital Region and a number of players in the local film industry. The fund’s primary goals are to invest in Danish and international film and television productions that are produced in the member municipalities and intended for national and international distribution. The Copenhagen Film Fund primarily invests in international productions of high artistic merit with Danish co-producers, or Danish projects with substantial international financing and distribution in place. The fund’s focus is on productions wholly or partly shot in the region. cphfilmfund.com

FilmFyn (Est 2003) covers the area of Fyn (Funen) in the very heart of Denmark. The regional fund holds a strong track record of investing in more than 90 successful productions so far, the majority being in national high quality features and tv-series. The annual budget is EUR 4.7 million of which more than EUR 3.7 million is available through a selective funding scheme in the form of recoupable investments. There are no fixed application deadlines, and co-productions must apply via the Danish production company. Assessment criteria is based on artistic qualities and the production’s ability to strengthen and collaborate with the regional talent and industry. filmfyn.dk

Production support is given to an average of 80 films per year. Support is available for feature films, animations, short films, documentaries and TV series.

International Co-Productions
International co-productions are also eligible for production support from The Finnish Film Foundation when a Finnish co-producer is involved. The Foundation funds around 8 to 10 minority co-productions every year with a flexible support budget of around EUR 1 million.

Eligibility for co-production support is determined with the following criteria:
- Involvement of a Finnish co-producer with Finnish distribution rights
- Creative and/or technical input from Finland
- Distribution of some kind in Finland
- Relevance of the project for Finnish audiences
- Possibilities for an ongoing co-operation between the parties

The Support Application is made by the Finnish co-producer. The amount of production support for minority co-productions has traditionally ranged from EUR 50,000 to EUR 500,000, depending on the Finnish creative or technical input. There are no spend requirements for the support, nor is the support recoupable. For more information and application timetables, see ses.fi/en.

The Icelandic Film Centre is a public institution that provides funding for Icelandic films, promotes them abroad and nurtures film culture in Iceland by supporting festivals, seminars, workshops and other networking opportunities for film professionals.

The Icelandic Film Fund is administered by the Icelandic Film Centre. The fund’s role is to further Icelandic filmmaking by providing financial support to features, documentaries, shorts and fictional TV series. Projects supported by the Icelandic Film Fund must have some connection to Iceland unless special circumstances apply.

Production Support
The Icelandic Film Centre will distribute approximately EUR 7.5 million in available grants in 2019, which will be divided between narrative features and short films, documentaries, and TV fiction. The Icelandic Film Fund usually grants production support to 3–4 narrative features each year, as well as approximately 8–10 documentaries, 3–4 short films, and 2–4 TV series.

Minority Co-Production Funding
Support is also available for international co-productions with an Icelandic minority producer. Applications can be submitted at any time during the year and take approximately 8–10 weeks to process.

Evaluation Criteria
When evaluating applications, the following points are especially considered:

• the artistic participation by Icelandic cast and crew
• the degree of involvement by the Icelandic producer and the overall Icelandic spend
• a letter of commitment to distribute the film in Iceland
• creative strength

For more information, please visit icelandicfilmcentre.is.

ICELAND’S 25% REIMBURSEMENT SCHEME

Iceland currently offers a 25% reimbursement on eligible costs incurred in the production of film and TV projects in Iceland. Note that this scheme does not apply to the production of commercials or music videos. Projects must fulfill certain cultural and production criteria in order to receive a letter of intent for reimbursement. Once the production is completed, a final assessment of the project is made to confirm that it is still eligible for reimbursement.

Applications must be submitted to the Icelandic Film Centre before production begins in Iceland, and they can be submitted at any time of the year.

For more information, please visit filminiceland.com and icelandicfilmcentre.is.

Please note that only companies registered in Iceland can receive funding.

Fiction Feature Films
Funding is available for foreign fiction feature film productions destined for cinema release, in which a Norwegian producer participates as a minority co-producer.

The annual budget for 2019 is NOK 10 million (approx. EUR 1 million). Production funding may be granted for up to 50% of the Norwegian part of the budget, in a range from EUR 50,000 to 300,000. Co-productions with a Norwegian minority producer are eligible to apply for marketing support in Norway. They will also be eligible to apply for ex post support for up to a total of 50% of the Norwegian budget, calculated on the basis of sales in Norway. For arthouse films with a limited cinema audience, up to a total of 75% of the Norwegian budget may be granted.

All funding is non-recoupable.

When evaluating the applications, the Norwegian Film Institute will consider:
- that the project is recognized as a cultural product in the home country
- the co-production agreement between the majority and minority producer
- the producer’s track record
- long-term plans for co-operation between the producers
- Norwegian spending including use of Norwegian talents on both sides of the camera
- deliveries from the Norwegian industry; i.e. location, equipment and facilities, all categories of post-production

(See the evaluation form on the website www.nfi.no)

Priority will be given to productions with:
- national public support
- strong artistic potential and/or
- recognized potential in the Norwegian market

How to Apply
Applications for funding must be submitted by the Norwegian minority producer. The project must be acknowledged as a cultural product in the country of the delegate producer. If an application is made under the European Convention, it should be forwarded to the Norwegian Film Institute through the Competent Authority in the delegate producer’s home country. A deal memo from a Norwegian film distributor confirming the intention of a release in Norway is required. The volume of support will be determined on the basis of Norwegian spending and the share of other Norwegian investment.

The applications will be evaluated by one of the documentary film commissioners of the Norwegian Film Institute.

Deadlines 2019
Applications for 2019 have no specific deadline and will be evaluated on a rolling basis.

Drama Series and Short Films
It is possible to apply for funding of production of drama series with a Norwegian minority producer. No separate budget has been established for this purpose. Applications will be evaluated by the NFI drama series consultant, with the same application deadlines and the same budget as specified for applications with a Norwegian main producer. In the evaluation procedure, the project’s artistic quality and production quality will be considered, as well as the cooperation between the co-producers, Norwegian creative and technical contributions to the project, and the share of the film’s budget to be spent in Norway. The applicant needs a deal with a distribution platform in Norway to apply.

It is possible to apply for up to 50% of the Norwegian budget.

How to Apply
Applications for funding must be submitted by the Norwegian minority producer. The project must be acknowledged as a cultural product in the country of the delegate producer. If an application is made under the European convention, it should be forwarded to the NFI through the Competent Authority in the delegate producer’s home country. A deal memo from a Norwegian film distributor confirming the intention of a release in Norway is required. The volume of support will be determined on the basis of Norwegian spending and the share of other Norwegian investment.

Deadlines 2019
Drama series: January 28th, 2019
Short films: January 28th, 2019

The Incentive Scheme
The scheme grants up to 25% return on costs spent in Norway to productions produced partly or entirely in Norway, and are intended for international distribution.

The Incentive Scheme was first introduced in 2016. The 2019 budget of NOK 68,36 million is fully exhausted.

The application deadline for 2020 will be announced on www.nfi.no/eng.

The objective of The Incentive Scheme is to increase the number of international films and series produced in Norway to promote Norwegian culture, history and nature and improve the experience and skills of the Norwegian film industry, stimulate growth, promote a sustainable Norwegian film industry and support international cooperation.

To qualify for the scheme, the minimum production budget is:

- NOK 5 million for documentary series
- NOK 25 million for feature films
- NOK 10 million for documentaries
- NOK 10 million per episode for drama series
The minimum requirement for eligible costs spent in Norway is NOK 2 million. A minimum of 30% of the financing must come from international sources, outside of Norway, and an international distribution agreement must be documented. The production must also qualify under the scheme’s qualification test. The funding from The Incentive Scheme cannot be combined with production or co-production grants from The Norwegian Film Institute, but can be combined with development funding and marketing grants from The Norwegian Film Institute and funding from regional funds.

Its ambition is to make movies that can reach a large audience at cinemas and have the chance of winning awards at film festivals. Established in 1990 and based in Oslo, Nordisk Film & TV Fond’s primary purpose is to promote film and TV productions of high quality in the five Nordic countries (Denmark, Finland, Iceland, Norway and Sweden) by providing support for the top-up financing of feature films, TV-fiction/drama series and creative documentaries. Nordisk Film & TV Fond is also a secretariat to the prestigious Nordic Council Film Prize and arranges and hosts the Nordic Talents event held in Copenhagen each autumn.

Nordisk Film & TV Fond is funded by 18 partners: the Nordic Council of Ministers, five national film institutes/funds and 12 public service and private TV stations within the region. The annual funding budget is approximately NOK 100 million (EUR 10.500.000).

Production Funding
Nordisk Film & TV Fond’s production funding may be applied for by Nordic production companies who are delegate producers of the project. There are no application deadlines, but the processing time is normally 4–6 weeks. Projects aimed at children and youth are prioritised.

The film/TV-series/documentary must be
• Suited for cinema exhibition, TV distribution or for other type of distribution
• Considered to have a significant audience potential in its target group primarily in the Nordic countries and, secondarily, in the global market

The following must be confirmed
• National base funding
• Significant financing from at least one of the Fund’s Partners
• Distribution in a minimum of two Nordic countries

The application must be
• Submitted before the production starts
• Submitted via our online application system
• In English or a Scandinavian language (including all attachments)

Nordisk Film & TV Fond does not contribute to the funding of a project that has been pre-sold for distribution in one or more Nordic countries to a TV company that is not one of the financing partners of the Fund. Exceptions can be made for projects where the TV company and financing partner(s) of the Fund share distribution rights. The rights must then be shared in all the Nordic countries where the TV company has pre-bought distribution rights.

Nordic Distribution Boost
We will repeat the workshop for film projects in late development to strengthen the films’ Nordic marketing. Producers can apply to the workshop with their distributors - details can be found on our website.

Distribution (single film/slate) and Dubbing Funding
Our distribution funding is specifically designed to improve the circulation of Nordic films across the Nordic region, and to respond to the fast-changing nature of distribution in the digital world. In 2019 our budget for distribution funding is NOK 9 million. Nordic distributors of non-national Nordic films can apply for VOD or cinema distribution support for a single film, or slate funding for up to three films. In combination with slate-support it is possible to apply for additional funding to employ a marketing person to work with the release of the specific films. Nordic production companies, or the Nordic distributor in the country where the film will be released, can apply for dubbing support for cinema, VOD or TV release. To obtain support, the individual films must have been well received at home or have a significant audience potential within their target group, in one or more Nordic countries.

Nordisk Film & TV Fond also assists professionals in developing and improving their knowledge and skills by supporting a range of film events of Nordic importance such as festivals, seminars or forums through its Film Cultural Initiatives funding. A complete overview of projects funded by Nordisk Film & TV Fond and more information about all our funding schemes, guidelines and how to apply, visit on our web page nordiskfilmogtvfond.com

CREATIVE EUROPE DESKS

ICELAND
NORWAY

Creative Europe (2014–2020) is supporting the European audiovisual, cultural and creative sectors with a budget of EUR 1.46 billion. The Creative Europe programme has two sub-programmes: Culture, Media and a cross-sectorial strand covering both sub-programmes. The Creative Europe programme replaces the former Culture (2007–2014), MEDIA (2007–2014) and MEDIA Mundus programmes.

The national Creative Europe MEDIA Desks have the ambition to consult, inform and advise the audiovisual sectors and industries about the MEDIA sub-programme and the specific funding opportunities represented in the specific calls.

The Role of the Creative Europe Desks
• To ensure broad knowledge of the Creative Europe Programme
• To facilitate national participation in the Creative Europe Programme with the widest number of audiovisual professionals and companies in the creative and cultural sector
• To provide citizens with information about the Creative Europe Programme

In addition, we see our most important tasks as
• Assisting applicants in the application process
• Organizing events that will help the film/TV/game industry get information, network, partners and financing
• Matchmaking and advising about financing and funding opportunities in other countries supported by the MEDIA sub-programme
• Ensuring professionalization and internationalization of the audiovisual industries

The MEDIA sub-programme of Creative Europe supports the EU film and audiovisual industries financially – in development, production, distribution and promotion. The programme helps to launch projects with a European dimension and nurtures new technologies; it enables European film and audiovisual work to find markets beyond national and European borders; it funds training and development schemes.
